New Features, Improvements and Fixes

Improvements

1. Reinstated the Transport Status column to Transport Multi Reschedule page in SAM. [\[#26104\]](#)
2. Workforce Report **SRF348 Resource Status Audit** has been added to allow for reporting on Resource Status Audits and the Resource Status (including the Shift Visual) has been updated to improve auditing. [\[#25751\]](#)
3. Workforce Report **SRF305 EOM Transport Movement and Contractor Hours** has been updated to optionally treat multi-sector transports as a single transport. This assists with more accurate cost reporting. [\[#25329\]](#)

Fixes

1. Fixed an issue where SAM parameters: DefaultDriveAMTransTypeId and DefaultDrivePMTransTypeId were resetting the default AM/PM drive to the earliest/latest drive transport. [\[#26212\]](#)
2. Fixed an issue in **SAM | Admin | Transport | Transport Move** page where moving one multi sector to another multisector resulted in duplicate transport records. [\[#26239\]](#)
3. Fixed an issue where Workflow was creating an error when sending to another approval group. [\[#26171\]](#)
4. Fixed an issue where Room Cleaning Notes were included in Room Cleaning History Status where comments included quote / apostrophe. [\[#26173\]](#)
5. Fixed an issue with onsite clean not generating as per RosterCleaningDays due to previous Spot Clean being considered last OnSiteClean. [\[#26167\]](#)
6. Fixed an issue where "Hidden" active Transport was visible within **Workflow | Links | Flight Availability**. [\[#26154\]](#)
7. Fixed an issue where users were unable to "update" active TransportTypes page (with current bookings) by including a Booking Interface. [\[#26155\]](#)
8. Fixed an issue on SAM Transport NoShows page where Outbound results for "today" were failing to load. [\[#26129\]](#)
9. Fixed an issue in SAM Accommodation Departures menu when checking personnel out and shift status is not selected. [\[#26103\]](#)
10. Fixed an issue where the roster preview was an error. [\[#26084\]](#) [\[#26074\]](#)
11. Fixed an issue where Day Trip booking was not successfully removed when multiple Folio documents raised to remove same booking. [\[#25766\]](#)
12. Fixed an issue where Workforce Report **SRF233 Charter Manifest Upload Template** was creating an error where the booking would show one leg of a transport in a multi sector transport. [\[#26018\]](#)
13. Fixed an issue where it was possible to deactivate a room even though it was assigned as a future room.
